To Whom It May Concern,

Due to the increased volume of Coronavirus in Michigan U. S. A. in the last 72 hours plus the constant warnings from the Canadian government and the Canadian Health Organization we at Big T Delivery are making the decision to temporarily suspend all deliveries between Canada and the United States. This is not an easy decision to make but due to the extreme nature of the Covid-19 Pandemic we have no choice but to protect the safety, health and well being of our employees and their families in this time of world wide crisis. Immediately upon the relaxation of Canadian government guidelines we at Big T Delivery will notify all valued customers and resume delivering at your request. Thank You for your understanding. We do not take our position on this matter lightly, as we do understand this will cause an inconvenience to our valued customer base but strong measures must be taken to defeat this horrible disease.

Again, thank you for your patience and we are looking forward to resuming our cross -border responsibilities.
